WE SPECIALISE IN PLAYGROUND ART OVER 350 PLAYGROUNDS TRANSFORMED

We offer so much more than the normal line marking companies. Our games are beautifully drawn in fantastic animated characters and are fully painted in rich and bright colour schemes that will transform the boring grey of any playground into an educational wonderland.

We now have a NEW RANGE of over 50 different games to suit most subjects within the curriculum, including spelling, word recognition and reading games, counting and multiplication games, motor skill games and even games for HSIE, art and music.

All of our designs are truly unique, and we have been able to back each artwork up with its own INSTRUCTION SHEET with several ways to play each game and/or how to use it as a teaching aid.

Having our games in your playground will not only make it aesthetically pleasing and allow for passive learning while the children have fun, it has been proven that this positive stimulation in the playground also
HELPS LOWER BAD PLAYGROUND BEHAVIOUR.

Our Playground Markings are suitable for most concrete and asphalt areas.

We now have GREAT PACKAGE DEALS to suit all budgets, OR design your own package (see following page)

Why not order now to take advantage of all the different grants that are now available to your school.
